Georgia Games BMX Championships to be Held on Griffin Speedway's Opening Day

Kennesaw, Georgia--- The 2007 Georgia Games BMX Cycling Championships will be held in conjunction with Griffin Speedway's opening day on July 14, 2007.

After a year of track construction, the speedway, located two miles from Atlanta Motor Speedway, will open its track to more than 100 BMX cyclists participating in the Georgia Games. The event is open for racers of all ages and skill levels.

"The speedway will be the fifth National BMX League track in our state," said BMX sport chair Shayne Robinson. "Griffin's Speedway BMX is located between Peachtree City and McDonough and will draw its ridership from these two locations as well as the Griffin area which does not have this type of activity for their teenagers."

The July opening of the track will also help commemorate National BMX month and will continue to support the growth of the sport throughout the state of Georgia.

"BMX as a sport is growing again after the downturn in the 1990's and the more tracks we have, the more riders we will attract," said Robinson. "Having a variety of different tracks in Georgia helps our riders prepare for racing at a national level."

For more information on the Griffin Speedway visit their Web site, www.speedwaybmx.com or contact Shayne Robinson at ptcmxbiz@aol.com.

The Georgia Games are modeled in the spirit of the Olympics and provide amateur athletes of all ages with the opportunity to compete in an open invitation, grassroots-style, state sports festival. The Georgia Games Championships will take place July 12-22 at various locations throughout the greater metro Atlanta area and will feature more than 40 different sporting events.

To obtain an entry form or to find more information about the Georgia Games Championships, visit the Georgia Games Web site, www.georgiagames.org or contact the Georgia Games at 770-528-3580.
